

HEATING PRODUCTS [*Heater Demister*]

EWEB 6301 - Bottom Plenum

DESCRIPTION:

The bottom plenum box, or foot box as it is also known, has two individually adjustable outlets, allowing the operator to adjust airflow on both axis', or to stop airflow entirely should this be required. The unit requires no connection other than an air-pipe to the heater/blower to the two plenum boxes, using fresh air from the inlet.

FEATURES:

- Two adjustable air outlets
